

## Inventiva announces participation at several investor conferences in October 2021

**Daix (France), Long Island City (New York, United States), September 28, 2021** – Inventiva (Euronext Paris and Nasdaq: IVA), a clinical-stage biopharmaceutical company focused on the development of oral small molecule therapies for the treatment of non-alcoholic steatohepatitis (NASH), mucopolysaccharidoses (MPS) and other diseases with significant unmet medical need, today announced that the Company's leadership will participate in three upcoming investor conferences in October 2021.

The event details are as follows:

**Conference n°1:** HealthTech Innovation Days 2021

**Event type:** One-on-one investor meetings

**Date:** Monday-Tuesday, October 4-5, 2021

**Time:** 3:00 am – 12:00 pm (ET) / 9:00 am – 6:00 pm (CET)

**Format:** Hybrid event

**Conference n°2:** Portzamparc Health Biotech Seminar

**Event type:** One-on-one investor meetings

**Date:** Wednesday, October 6, 2021

**Time:** 3:00 am – 12:15 pm (ET) / 9:00 am – 6:15 pm (CET)

**Format:** Hybrid event

**Conference n°3:** H.C. Wainwright 5<sup>th</sup> Annual NASH Investor Conference

**Event type:** Corporate presentation, one-on-one investor meetings

**Date:** Monday, October 11, 2021

**Time:** 2:00 am – 12:00 pm (ET) / 8:00 am – 6:00 pm (CET)

**Format:** Virtual event

### About Inventiva

Inventiva is a clinical-stage biopharmaceutical company focused on the development of oral small molecule therapies for the treatment of NASH, MPS and other diseases with significant unmet medical need.

Leveraging its expertise and experience in the domain of compounds targeting nuclear receptors, transcription factors and epigenetic modulation, Inventiva is currently advancing two clinical candidates, as well as a deep pipeline of preclinical programs.

Lanifibranor, its lead product candidate, is being developed for the treatment of patients with NASH, a common and progressive chronic liver disease for which there are currently no approved therapies. In 2020, Inventiva announced positive topline data from its Phase IIb clinical trial evaluating lanifibranor for the treatment of patients with NASH and obtained both FDA Breakthrough Therapy and Fast Track designation for lanifibranor in the treatment of NASH. Lanifibranor is currently being evaluated in a pivotal Phase III clinical trial.

Inventiva is also developing odiparcil, a second clinical stage asset, for the treatment of patients with subtypes of MPS, a group of rare genetic disorders. Inventiva announced positive topline data from its Phase IIa clinical trial evaluating odiparcil for the treatment of adult MPS VI patients in 2019 and received both FDA Fast Track and Rare Paediatric Disease designation for odiparcil in MPS VI.

In parallel, Inventiva is in the process of selecting an oncology development candidate for its Hippo signalling pathway program. Furthermore, the Company has established a strategic collaboration with AbbVie in the area of autoimmune diseases. AbbVie has started the clinical development of ABBV-157, a drug candidate for the treatment of moderate to severe psoriasis resulting from its collaboration with Inventiva. This collaboration enables Inventiva to receive milestone payments upon the achievement of pre-clinical, clinical, regulatory and commercial milestones, in addition to royalties on any approved products resulting from the collaboration.

The Company has a scientific team of approximately 70 people with deep expertise in the fields of biology, medicinal and computational chemistry, pharmacokinetics and pharmacology, as well as in clinical development. It also owns an extensive library of approximately 240,000 pharmacologically relevant molecules, approximately 60% of which are proprietary, as well as a wholly-owned research and development facility.

Inventiva is a public company listed on compartment C of the regulated market of Euronext Paris (ticker: IVA - ISIN: FR0013233012) and on the Nasdaq Global Market in the United States (ticker: IVA). [www.inventivapharma.com](http://www.inventivapharma.com).
